Reference :- Your 2W.A/20/49A dated
10.11.45.

The present outstanding balance of the amounts deposited for rent or purchase price in respect of the four Landing grounds in question, are shown in the Courts records as follows:

- (1) Affulah Landing Ground LP.12.913 m
- (2) Tulkarm Landing Ground LP. 3.989 m
- (3) Aqir Landing Ground LP.2972.811 m
- (4) Qalandya Landing Ground E.70.12s.8d.

2. Out of LP.52.123 mls being the balance as it stood for Affulah Ground, a sum of LP.6.451 mls was some time ago, paid to two interested persons, whilst a sum of LP.32.759 mls was credited to revenue for being unclaimed for over a period of five years since the date of deposit, in accordance with the Court Accounting Regulations.

3. Similarly a sum of LP.3.102 mls out of LP.7.091 mls the balance as it stood for Tulkarm Ground, was also credited to revenue.

4. However, any transfer of deposits to Public revenue do not preclude consideration to a claim for payment, but the elapse of fifteen years since the date on which the amounts were deposited would be a bar to the hearing of any action brought for payment of any sum remaining unclaimed.

I thank you for your above mentioned letter and note the position, but I think we should be chary of keeping people in custody merely for the purpose of giving evidence.

If people had been detained in order to be deported, I think we might find it difficult to justify such a lengthy delay in the deportation merely because we require them as witnesses in a case. I think that in such cases it might well be held that we should get on with the deportation within a reasonable period and if the case in which they were required as witnesses will be heard in that time then we will have to take our chances of getting them kept to give evidence when they were required.

However, at the time of Identification parade he only identified Burshi as being the man who beat the deceased and although he identified two other T.A.Cs. he specifically stated that although they were present they did not beat anybody.

During the course of the beating of the deceased his father attracted by his shouts arrived on scene, he states that he saw (and later identified) Burshi beating his son with the butt of the rifle and his feet and that he was being assisted by another T.A.C. However, at the identification parade he failed to identify any of the T.A.C. who did the beating with the exception of Burshi.

The deceased was later taken to his village in a dying condition and died a little while later the same day. The Medical Report makes it clear that he was subjected to a most brutal and severe beating, there were no less than 34 injuries found on his body including according to the Medical Certificate 17 fracture ribs, bruises and contusion of the kidneys and other like injuries.

There can be no doubt that there is ample evidence upon which Burshi can be properly charged. I consider also

NOTICE AND GROUNDS OF APPEAL.

This is an appeal from the judgment of the learned Magistrate given in Civil Case No. 8028/37 on the 12th June, 1939, when the Magistrate dismissed the Appellants' claim for Rs. 100.-, with interest and costs.

The following are the grounds of appeal.

1. That the action was properly instituted in the amount claimed and it was not the duty of the Appellants to bring one action on all the promissory notes which they held. This point was not raised at any time in the course of the proceedings and could not form part of the Magistrate's judgment even by way of obiter dicta.

2. That the Magistrate ought to have considered the case de novo and was not entitled as he did to consider any documents or evidence produced or given in the first proceedings before

I thank you for your above mentioned letter,
but I think that there is a slight misunderstanding.

We quite appreciate that the board is being
convened in order to assess the rent, but we should
be in a position to put some evidence before them
as to what we think the rent ought to be.

Is there any reason why it should be varied
from the figure fixed by the Arbitration Board on
the 29th June, 1938 i.e. LP 1.500 ms a dunum per
annum and can you let me have the name of the
witness or witnesses who will be able to give evidence
on that point.

of the 19th March, 1941.

The Royal Air Force held a lease of the Tulkarm Landing Ground site which expired on the 31st of October 1938 in respect of which the rent was assessed by an Arbitration Board on the 29th of June, 1938 at £ 1.500 a dunum per annum.

The Royal Air Force required the renewal of this lease for a further year ending the 31st of October, 1941. The land remains un-registered and now Notices to Treat were served.

2. It is now necessary for an Arbitration Board to assess the rent for this latter period in order that the amount may be paid into Court.

3. The duplicate copies of the Notices to Treat were sent to the Section Officer with my letter No. LD. 5/22A of the 1st of March, 1941 but I now enclose a plan of the site and the newspaper containing the copy of the advertisement.

When the receipt referred to therein is obtained, I shall forward it to you and I presume that you will afterwards proceed with the necessary registration under section 14 of the Ordinance.

The first paragraph of your letter of 16th 5.38 to the Section Officer is not quite correct, what the President of the District Court did was to indicate to me more clearly what he believed the board over which he presided had and had intended to find.

The Schedule on which you base your calculations speaks of Parcel 1, what relation does that bear to the plots referred to in the Award ?

20th of February, 1938.

The question has now been discussed in greater detail with the Crown Counsel, who has pointed out that the President of the District Court may decide that the proper interpretation of the findings of the Board of Arbitration is that the year for which the rent is 500 mils, runs from the date of occupation irrespective of the date of possession under the Land (Acquisition for the Army and Air Force) Ordinance. On this basis the arrears of rent will be that shown on the schedule attached to this letter.

2. I should be glad if you would let me have a cheque in the amount of LP 805.333 mils payable to the President, District Court, Nablus, so that I can arrange for the payment of the money into Court. If the Court finds it is unable to distribute the rent up to the 31st of October, 1938 or decides that the annual rental of 500 mils is payable from the date of possession under the Ordinance, the amount paid into Court will be in excess of requirements, and in either of these cases, the surplus can be refunded.

Civil Case No 1/38.

In the Chief Magistrate's Court, Jerusalem. *S.A.H. Sitting at Nablus*

Before: His Worship The Chief Magistrate Mr. I.C. Clayton
Rigby.

In the case of :

MOHAMMED EL HASHASH

PLAINTIFF

Vs.

COMMANDANT OF AIR FORCES
JERUSALEM.

DEFENDANT.

O R D E R

In this case it appears that the A.O.C. in accordance with powers conferred upon him by the Land (Acquisition for the Army and Air Force) Ordinance 1925, issued to a number of persons notices to treat for a lease in respect of the same plot of land. The notices to treat were presumably served upon these persons as owners of the land (Sect 3). In accordance with Section 4(4) it appears that those persons - four in number - endorsed either upon the respective notices to treat or entered into an agreement with the Sub. D.O. Tulkarm as to the amount they would be prepared to accept for occupation of the land.

It is clear that the A.O.C. entered upon the land and has made use of it for some considerable period of time. It is equally clear that no compensation has been paid in respect of the land. The Plaintiff now claims against the Defendant for 500 mils under the agreement which he entered into as compensation payable by the Defendant for the first year and for a further sum of money as compensation such sum of money being based on a decision of the arbitration Board which made an award as compensation in respect of the ensuing years. The Defendant alleges that the notice of to treat and the agreement entered into thereunder was not a complete contract - such similar notices to treat being issued by the A.O.C. to other persons in respect of the same land. The Defence argue that it would be quite impracticable and take for too long for the A.O.C. to ascertain who is or are, in fact, the owners or owners to every plot of land that may be required under this Ordinance. Notices to treat, are therefore served generally upon such persons as may claim to be the owners of the land and a provisional agreement entered into with such owners as to how much they would be prepared to accept as compensation for the acquisition of the land. The Plaintiff argues, with some reason, that if the Defendants enter into promiscuous agreements of this kind to pay rent for land and thereafter take over and make use of the land, it is no proper defence for them to raise when an action is brought against them for the compensation which they agreed to

pay

S.A.H.

In the Chief Justice's Court, Jerusalem.

Before: His Honor, The Chief Registrar, Mr. L. G. Glickson.

In the presence of:

Plaintiff

Defendant

vs.

Commandant of Air Force
Jerusalem

Defendant

C. L. D. N.

In this case it appears that the A.O.C. in accordance with powers conferred upon him by the Land Administration for the Army and Air Force (Ordinance 1952) issued to a number of persons notices to leave for a lease in respect of the same plot of land. The notices were served personally upon these persons as owners of the land (Section 1). In accordance with Section 1(1) it appears that these persons - 10/10 in number - ordered either upon the respective notices to leave or entered into an agreement with the A.O.C. that they would be required to accept the compensation of the land.

It is stated that the A.O.C. entered upon the land and has made use of it for some considerable period of time. It is alleged that no compensation has been paid in respect of the land. The plaintiff now claims against the defendant for 500 mils under the agreement which he entered into as compensation payable by the defendant for the first year and for a further sum of money as compensation and sum of money being paid on a decision of the Arbitration Board which made an award of compensation in respect of the disputed year. The defendant alleges that the notice of the first and the subsequent notices in the defendant was not a complete contract - each plaintiff notices to leave being issued by the A.O.C. as a notice to leave in the same form. The defendant alleges that it would be quite impracticable to take for the long for the A.O.C. to ascertain who is or was, in fact, the owner of the land to every plot of land that may be required under this Ordinance. He states that the notices served generally upon each person as may state to be the owner of the land and a provisional agreement entered into with such owners as to how such land would be required to accept as compensation, with some modification of the land. The defendant also states that the defendant of this kind to pay rent for land and there- after take over and make use of the land. It is no proper defence for them to raise when the land is sought against them for the compensation which they agreed to

pay on taking over the land that they have entered into similar agreements to pay compensation to other persons in respect of the nine plot of land. However, in this case, it is perfectly clear that at least one other person - Rasem Eff. Kamal - has a claim to the ownership of this property. That is clearly shown by the application made by Plaintiff for transfer of this case from Tulkarm to be heard by a British Magistrate at Nablus. Kamal, I observe, has been an interested spectator throughout the arguments in this case, but he has not thought fit to enter an appearance in this case as a third party. It appears to be perfectly clear to me that at some period during this case the question of the Plaintiff's ownership to the property which is the subject matter of this action must arise. I feel, therefore, that the proper course for me to adopt is to adjourn the hearing of this case sine die pending any decision of the Land Court as to whom are the proper owners of this property. There is little doubt that upon the determination of that issue the claim for compensation will be met by payment to the proper owner or owners.

I feel that the course I have taken puts the Plaintiff the necessary expense of proceedings - either as a Plaintiff or Defendant - in the Land Court, but I have no other alternative. The procedure would have been somewhat easier for the Court if Rasem Eff. Kamal had thought fit to enter an appearance in the case as third party, but since he has not done so I have no other alternative, in my judgment, but to adjourn the case sine die. I may add, although the matter, has not been raised, that it is at least open to doubt as to whether the Defendant should ever have been proceeded against as "through the Attorney General."

any on failure over the land that they have entered into
similar agreements to pay compensation to other persons
in respect of the same plot of land. However, in this
case, it is perfectly clear that at least one other
person - James W. Keady - has a claim to the ownership
of said property. That is clearly shown by the registration
made by Plaintiff for transfer of this same land to
it be held by a certain Mrs. Keady at Keady's house.
of course, has been an interest against the land and
registered in this case, but it has not been the
enter an appearance in this case as a third party. It
appears to be perfectly clear to me that at some period
during this case the question of the Plaintiff's owner-
ship to the property which is the subject matter of this
action must arise. I feel, therefore, that the proper
course for me to take is to adjourn the hearing of this
case and the pending and decision of the land court as
to whom the proper owners of this property. There is
it is doubtful that the determination of that issue
the claim for compensation will be met by payment to the
proper owner as owner.

I feel that the notice I have taken -
that the Plaintiff the necessary expenses of proceedings -
either as a Plaintiff or Defendant - in the land court,
but I have not been able to do so. The proceeds would have
been somewhat better for the Court if Keady W. Keady
had thought it to enter an appearance in the case as
third party, but since he has not done so, I have no other
alternative, in my judgment, but to adjourn the case and
decide it at a later date to determine to whom the
proceeds should ever have been proceeded against as
"through the Attorney General."

By Sect 4(b) of acquisition order the notices to treat on failure to agree shall be served on owners & occupiers of land.

Sect 4(3) requires person served to give st. of his interest.

By Sect 8 owners & occupiers must prove to the Board their interest before they are heard allowed to appear.

From this it would appear clearly that the title to the land could not be determined by the Board - This runs in the decision.

Here appears a dispute as to the ownership title to the land & according to Sect 3(d) of Land Courts Ord it is within exclusive jurisdiction of Land Court.

Alternatively if this court rules that it has jurisdiction then the other parties claiming interest in the land must be quoted as defendants in the claim for the right is as much asserted against them & to the detriment of their interest.

the purpose of determining the parties' liability to costs. We have taken into consideration these notices and the endorsements thereon. Hilmi Bey Hussein the District Officer and a witness for the Government gave evidence of such negotiations as there were with the claimants. We are satisfied that the fact that the land was acquired for a period of indefinite duration, and the other terms of the proposed lease were not fully explained to the claimants, or known to the District Officer. We therefore think that any acceptance by them of 500 Mils p.a. rent was an acceptance for one year only, and on a lease for a year certain. This was made perfectly clear by Rasim Eff. Kamal who foresaw other possible events, and by Sheikh Ismail, his father, the magistrate of Tulkarm who said he would let the land for one year free but wanted a proper rent for a long period. We therefore treat all the claimants on the same basis.

We regard Hilmi Bey Hussein, Mohammed Younes Hussein and Abdul Hamid Haj Hassan as trustworthy witnesses and base our finding mainly on their evidence. We assess the capital value at L25 per donum and the rent at 6% on this amount that is at L1.500 Mils per donum for the second and subsequent years.

There are conflicting claimants to plot No.1 who have not been objected to by the Attorney General and who are understood to be the occupants and registered owner of Plot No. 1 Moustafa Eff. Rasheed appearing for the occupants wished to obtain the Board's decision on the conflicting claims. We read section 8 of Cap.74 as giving the Board power to determine who may appear and who will be bound by the Board's findings and as giving us no jurisdiction to declare the ownership of land or to whom the rent should be paid.

Subject:- Arbitration Board -
Landing Ground Tulkarm.

Reference:- Your LD.5/22-8472 of
1.12.37.

The hearing of this case was resumed by the Board of Arbitration on 2.12.37. Evidence of several witnesses was submitted by the owners who gave varying estimates of the price of land in the locality concerned as well as the yearly net income which such land is likely to give per dunum. Mr. Mohd. Younis Huseini, a licensed land valuer gave a convincing statement to the effect that the average net income per dunum per year varies from LP3 to LP5 and he estimated the price at LP30 per dunum.

This statement does not differ greatly from that given by the District Officer, Hilmi Eff. Huseini and unfortunately no expert evidence was available for submission on our part.

Consequently the Board took the view that the average price for such land should be LP25 per dunum and upon this estimation they gave 6% as the ratio of rent per year which amount to LP1.50000.

I am now asking for a copy of the decision which I shall forward to you as soon as it is received in this office.

letter AC/9(5) of the 28th
of October, 1937 copy to me.

I am informed by Headquarters, Royal Air Force, that Squadron Leader Dawson has been posted to Cairo and has now left Palestine. I shall be glad to learn if it is necessary for Squadron Leader Dawson to return to Tulkarm to complete the hearing, or whether the High Commissioner will be moved to replace this Officer by another. If the latter alternative is adopted, will a new hearing be commenced.

I enclose herewith copy of a letter

to the Attorney General.

2. I enclose also fifty three duplicate Notices

Attorney General

Subject: Landing Ground Tulkarm.

The site of the above mentioned Landing Ground was expropriated under the provisions of the Acquisition of Land for the Army and Air Force Ordinance (Bentwich Vol. 1 page 503- 514) . The expropriation was by way of lease for one year from July 1936 and Notices to Treat were served on all persons known to be interested in the land. .

Registration cannot be traced in respect of a part of the land and ownership is claimed by various persons by way of possession. In the case of the known registered area, where the registered owners are alive their ownership is disputed by other persons who claim to be in possession. Where the registered owners are dead, their shares are claimed by way of possession by persons other than their heirs or else by heirs through alleged succession. The claimants have been instructed to apply for registration but have taken no action.

The Royal Air Force is anxious to disburse the money set aside to meet the rent but is not prepared to make any payments until leases are signed. As Director of Land Registration I am unable to recommend the execution of a lease until the land is actually registered in the names of the real owners. The alternative is for the money to be paid into Court in accordance with section 13 of the Ordinance.

An offer of 500 mils per dunum per annum was made to the persons known to have an interest in the land and this offer has been accepted by them but it would seem that this acceptance is not the agreement referred to under section 5 of the Ordinance inasmuch as the actual persons having an interest in the land have yet to be determined and it is possible that there may be owners who have yet received an offer.

not

If therefore you concur in my view that no agreement within the meaning of section 5 has yet been reached, I propose to apply to the Commanding Officer for the appointment of a Board of Arbitration and then arrange for the payment of the money through you to the District Court in accordance with section 13 of the Ordinance. At the time of the service of the Notice to Treat the Royal Air Force had already been in possession of the land without any agreement for about 9 months. No rent has been paid for this period, but if and when the Court distribute the one year's rent for the period expropriated, I propose to recommend to the Royal Air Force that payment be made on the basis of the schedule of owners prepared by the Court.

Reference:- Your letter No.AC/9(5) of 28.10.37 addressed to the Attorney General.

This case was adjourned to the 2nd December, 1937. The respective owners of the land in question will present their evidence on that date.

I have to point out, however, that the position of the officer delegated to conduct the case was somewhat embarrassing, for he had none of the documents which he was naturally called upon to produce. The R.A.F. representative said that all the notices to treat were returned to you after signature and the replies forwarded to you direct.

I shall be glad therefore if you will forward to me all the relative documents at an early date so that they may be produced on the next sitting of the Board.

I understand that the arbitration in connection with the tenancy for one year of the land falling in 'Anabta, Dannaba, and Tulkarm village lands, in Tulkarm Sub-District, for a temporary landing ground is coming up for hearing on Saturday next and that you require evidence in regard to the value of the land.

2. The valuation was made by the District authorities and communicated to the Royal Air Force representatives direct as is indicated in the attached copy of Mr. Foot's letter to Flight Lieutenant Brooke, dated 5th September 1935.

3. I have spoken to the Assistant District Commissioner, Tulkarm, on the telephone and he is preparing a statement to support the valuation of 500 mils per dunum per annum and I understand that the Registrar of Lands, Tulkarm, and the Mudir Mal, Tulkarm, could give evidence in support of the valuation, if called upon.

Dear Brooke,

I return herewith the plan of the proposed Tulkarm landing ground.

We have made enquiries in Tulkarm and the District Officer, who has met the landowners concerned, tells me that they are willing to accept an annual rent of 500 mils a dunum. This rent we consider reasonable since the land is nearly all of first-rate quality for agricultural purposes. If Government expropriated a lease of the land you might get it for a slightly lower rent but I doubt it.

The total rent of the area shown on the plan would consequently be LP 90 a year. I remember that you told me that LP 100 a year was your limit so it looks as if it will be impossible to take in the extra 160 yards to the west that you spoke about. If you do decide to take in that extra area the rent will be the same per dunum (i.e. 500 mils a year).

Dear Sir,

I return herewith the plan of the proposed Tinkari landing ground. We have made enquiries in Tinkari and the District Officer, who has met the landowners concerned, tells me that they are willing to accept an annual rent of 500 mils a dunam. This rent we consider reasonable since the land is nearly all of first-rate quality for agricultural purposes. If Government appropriated a lease of the land you might get it for a slightly lower rent but I doubt it.

The total rent of the area shown on the plan would consequently be Rs 90 a year. I remember that you told me that Rs 100 a year was your limit so it looks as if it will be impossible to take in the extra 150 yards to the west that you spoke about. If you do decide to take in that extra area the rent will be the same per dunam (i.e. 500 mils a year).

A W A R D .

Whereas a dispute has arisen between the Officer Commanding the Royal Air Force in Palestine and Trans-Jordan (hereinafter called the applicant) and the above named owners or occupiers of land in the neighbourhood of Tulkarm (hereinafter called

Now we the said President and Assessors having taken upon ourselves the burthen of this arbitration and having heard and considered the arguments addressed to us and neither party having called any evidence on their behalf, and it having been agreed between the Applicant and those present of the Respondents that a rental of LP 1.500 £ per donum per annum is a fair and reasonable rental for the said land, do make and publish this our final award of and concerning the matters in dispute referred to us as aforesaid.

We award and adjudge that the applicant do pay to the Respondents rental at the rate of LP 1.500 £ per donum per annum for the said lands so long as the said tenancy by the Applicant shall continue and we further adjudge that each party shall bear their own costs of this arbitration and award.
